Membership fees to CAPR

Donations for membership in CAPR are not tax deductible. They are, however, very important. Memberships pay for our lobbyist. Membership enables you to vote in the annual election. Membership gets you counted when reporters or politicians holding hearings ask us how many voters we represent. Since CAPR pays for overhead costs, without members we are out of business! The membership donation also goes toward the Chapters' efforts on local issues and local battles to protect property rights.
